PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate (B.Tech 2nd Year) at KIIT with a dedicated focus on Artificial Intelligence and Machine Learning. Building a solid foundation in programming, data structures, and web development, complemented by practical hackathon and project exposure including backend cryptography and digital communication verification in Smart India Hackathon 2026 Internal Round. Committed to continuous technical growth demonstrated through certified learning in programming, cloud foundations, and cybersecurity.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering

Kalinga Institute of Industrial Technology (KIIT) • Artificial Intelligence & Machine Learning (AI & ML)

2025 – 2029

2nd Year

Class 12 (Senior Secondary)
Academic Global School, Gorakhpur, Uttar Pradesh
Board: CBSE

Class 10 (Secondary)
Creane Memorial High School, Gaya, Bihar
Board: CBSE

CURRENT 2ND-YEAR COURSEWORK

Probability and Statistics (PS), Data Structures (DS), Digital System Design (DSD), Automata and Formal Languages (AFL), Scientific and Technical Writing (STW), Industrial 4.0 (IND)

TECHNICAL SKILLS

Programming: C, Python

Web Development: HTML, CSS, JavaScript

Core Foundations & Learning: Data Structures & Algorithms, JavaScript, Artificial Intelligence / Machine Learning, Web Development

Developer Tools: Git, GitHub

PROJECTS

FindIt — Smart Lost & Found Platform

Full Stack & Applied AI

Completed

An AI-powered Smart Lost & Found Platform that simplifies reporting, discovering, and recovering lost belongings through intelligent matching, secure ownership verification, and seamless communication.

- Full Stack & Applied AI Developer
- Engineered full-stack Smart Lost & Found platform with FastAPI backend, React/TypeScript frontend, AI-powered semantic matching, secure ownership claims, and Cloudinary media management.

Technologies: React.js, TypeScript, Python, FastAPI, PostgreSQL, SQLAlchemy, SQLite, JWT Authentication, Cloudinary, Google Sign-In, AI-powered semantic matching, Vercel, Render

CLICKBAIT

Smart India Hackathon 2026

`Completed`

A student-focused digital verification platform designed to help students verify potentially suspicious digital communications — including emails, scholarship notices, examination circulars, fee updates, internship messages, URLs, and raw messages — before trusting them.

- Backend / Cryptography Security
- Contributed to backend verification logic (Ed25519 signing/verification, SHA-256 hashing, public-key verification, expiry/revocation checking, and tamper detection) for digital communications.

Technologies: Ed25519, SHA-256, Node.js, Python, Cryptography, Backend Security

Personal Portfolio Website

Web Development

`Completed`

A responsive, accessible personal portfolio showcasing academic coursework, verified certifications, projects, and achievements with a centralized Vanilla JavaScript data architecture.

- Full Stack (Solo Project)
- Engineered modular, responsive web portfolio with custom Vanilla JS data architecture, accessible modal certificate viewer, and print-ready stylesheet.

Technologies: HTML, CSS, JavaScript

ACHIEVEMENTS & ACTIVITIES

Smart India Hackathon 2026 — Internal Round

Project: CLICKBAIT • Internal Round Completed

`2026`

Participated in the Smart India Hackathon 2026 Internal Round as part of the team behind CLICKBAIT, a student-focused digital verification platform for analyzing and verifying potentially suspicious digital communications.

CERTIFICATIONS (14 VERIFIED CREDENTIALS)

Introduction to Critical Infrastructure Protection — OPSWAT Academy (Introduction to CIP Program) `September 18, 2026`

Roadmap to Become a Data Scientist at Amazon — Coding Ninjas (Certificate of Participation) `Verified`

CipherQuest — Coding Ninjas — KIIT Chapter (Certificate of Participation) `Verified`

C Programming Basics — Simplilearn SkillUp (Certificate of Completion) `September 18, 2026`

CS105: Introduction to Python — Saylor University (Certificate of Achievement) `September 21, 2026`

Making Accessible Designs — Adobe Training Program / Ladli Foundation Trust (Certificate of Completion) `September 22, 2026`

Social Media Content and Strategy — Adobe Training Program / Ladli Foundation Trust (Certificate of Completion) `September 22, 2026`

AWS Certified Developer - Associate Exam Prep Plan — Completion Certificate — AWS Training & Certification `September 23, 2026`
(Completion Certificate)

AWS Certified Data Engineer - Associate Exam Prep Plan — Completion Certificate — AWS Training & Certification `September 23, 2026`
(Completion Certificate)

TCS iON Career Edge - Young Professional — Tata Consultancy Services (TCS iON) (Certificate of Achievement) `September 16, 2026`

Adobe Express Crash Course (Certificate of Completion) `28 September 2026`

AWS Certified AI Practitioner — Exam Prep Plan — AWS Training & Certification (Completion Certificate) `September 28, 2026`

Basics of Data Structures and Algorithms — Simplilearn SkillUp (Certificate of Completion) `7 October 2026`

SkillQuest - Generative AI Literacy — Simplilearn SkillUp (Certificate of Accomplishment) `20 October 2026`
